Sponsorship

The BC Association of Abattoirs (BCAA) is a non-profit organization managed by an elected Board of Directors dedicated to Promote, Protect, Educate and Grow the meat industry in BC to improve sustainability and food security by developing a strong membership network between local BC producers, abattoirs, chefs, retailers and distributors.

The BCAA provides a voice for the thriving BC meat processing industry and is dedicated to helping the industry achieve sustainable economic prosperity by providing services, information and programs directly related to their business.

We create and support a strong community approach and value inclusion, responsibility, commitment, diversity and collaboration for the industry's sustainability through education and advocacy.

The AGM is an opportunity for members and industry supporters to unite, network and socialize with others involved in the industry. Attendees will be able share ideas, problem solve and identify potential synergies to foster success in a competitive market.

Sponsoring BCAA's 2017 AGM

- Sponsoring the BCAA's AGM helps build trust and establish rapport with existing and potential customers.
- Be seen as dependable and supportive and stand out by highlighting your business with a targeted audience and their network.
- Be recognized as adding value and genuine support to the industry

BCAA is marketing their AGM, so sign up now and be part of our communications package for registration as well as being recognized at the event through signage, logo placement and links on our websites BCMeats.ca and BCAbattoirs.org and our [BCMeats FaceBook](#) page.

We thank you for your generosity and your genuine interest in supporting our event.
